

# West Hendon Broadway

## Mega 6

Situated in Edgware, within the London Borough of Barnet, our impressive Mega 6 screen dominates the busy West Hendon Broadway (A5). Elevated and mounted to the side of a building, it commands clear visibility over the constant flow of traffic heading directly towards the heart of London. This prime location benefits from heavy daily commuter traffic, as the A5 serves as one of the key arterial routes linking North London to Central London
